

Stelo Collection

Stelo Cascata System

The STELO CASCATA system offers many possibilities for the customization of this hanging lamp. STELO CASCATA consists of a series of diffusers Ø 6,5 cm with fluorescent lamps and electronic ballasts. Customization is established under the following headings:

- Number of diffusers: 3 or more;
- Length of diffusers: from 25 cm to 195 cm;
- 10 different diffuser finishings;
- Fluorescent lamps: from 18W to 80W;
- Cable length on request;
- Sizes of frame: Ø 30, Ø 60, 38x38, 50x50, 100x100 cm or custom.

SYSTEM 1 (6 lamps max)

Features

- ballast in the frame.
- diffuser lit completely.
- maximum cable length (from frame to diffuser):
140 cm with TC-L
190 cm with T5

diffuser cm.	fluorescent lamp	lumen
30	TC-L 18W	1.250
39	TC-L 24W	1.800
67	T5 14W	1.230
67	T5 24W	1.750
97	T5 21W	1.910
97	T5 39W	3.200
127	T5 28W	2.640
127	T5 54W	4.460
157	T5 35W	3.320
157	T5 49W	4.450
157	T5 80W	6.450

SYSTEM 2

Features

- ballast inside the diffuser.
- diffuser with dark area where the ballast is located.
- no limits to cables length.
- dimmable version available = diffusers 13,5 cm. longer (apart diffuser 195).
