

OVO-GOCCIA

Design Guido Vrola - S.T. Selène

Collezione di lampade in 3 misure più una sospensione realizzata a soffio libero. Caratteristica è la soffiaatura incamiciata con il colore interno (arancio, verde acido, ambra) e le enormi aperture laterali. Oggetti di enorme difficoltà realizzativa ma di indubbio contenuto estetico e di qualità. La lampada grande e la lampada media hanno al loro interno un'ulteriore vetro che funge da diffusore. La sospensione "Goccia" è disponibile anche in sfumato bianco o sfumato nero.

Decorative collection of tablelamps in 3 sizes alongwith a spectacular glass blown suspension.

Main characteristic is the inside colour of the blownglass (orange, acid green, amber) and the enormous lateral openings.

Hard to make but with a big aesthetic content and quality. Inside the large lamp and the medium lamp there is a smaller glass as diffuser.

The "Drop" suspension is available also in transparent black or white.
